Why

Why us?

Why have the hands of fate chosen us?

We're only six children

Although our childhood seems to have disappeared

With the effects of battles

How can merely six children save the earth?

Why earth?

Why is this the target for the Yeerks?

Why don't the Andalites come?

Why don't they save us?

Why

These questions run through my head at night

While I try to sleep

The worry takes over

The fear returns

I feel like my head will explode

So many questions

Why?
